OBJECTIVE

A highly motivated and detail-oriented Software Engineer with a strong technical background and a history of creative problem-solving and software development. Committed to delivering high-quality solutions, I aim to leverage my skills and passion for software development to contribute to the success of the fast-growing Industry.

PROFESSIONAL EXPERIENCE

MOBILE DEVELOPMENT INTERN

Solitaire Infosys, Mohali

07/20 - 08/20

- Gained valuable knowledge and hands-on experience in mobile application development.
- Collaborated with senior designers and developers to contribute to the UI design concepts for mobile applications.
- Assisted in designing and conducting user research studies and usability testing.
- Actively participated in team discussions and provided valuable input to improve the development process.
- Contributed to the design of a mobile application for a client in the e-commerce industry.

FULL STACK WEB DEVELOPER

Koskill Education, Bangalore

02/23 - 06/23

- Gained extensive knowledge and practical experience in various aspects of web development.
- Developed a RSS News aggregator project using React.js, Node.js, and other relevant technologies.
- Successfully collaborated with a team of senior developers to create the project from concept to completion.
- Engaged in regular team discussions, contributing valuable insights to enhance the overall development process.
- Developed a strong understanding of industry best practices and emerging trends in web development.

EDUCATIONAL BACKGROUND

- **BACHELOR OF TECHNOLOGY IN COMPUTER SCIENCE ENGINEERING**

  Chandigarh Engineering College, Landran

  2019-2023

PROJECTS

UPTECH - TECH NEWS APP

Flutter, NewsAPI, Android Studio and Java

08/21-04/22

- Developed a technical news mobile application using Flutter, NewsAPI, and Java for the backend.
- Created an intuitive and visually appealing user interface using Flutter's UI software development kit.
- Integrated NewsAPI to fetch the latest technology news articles from various sources.
- Ensured a seamless user experience and delivered a high-quality application.

CODECRITIQUE

Open AI API, HTML CSS, REACT

09/22-05/23

- Currently working on a code-reviewing website utilizing the Open AI API.
- Provide users with valuable feedback on code optimization, performance, readability, and best practices.
- Developed an intuitive user interface for easy code submission and analysis.
- Implemented user accounts for code saving and progress tracking.
- Fostered a community section for interaction, support, and code sharing.

SKILLS

- Programming Languages: Proficient in CORE JAVA, C++
- Web Technologies: Skilled in HTML, CSS
- Database: Familiar with SQL

- Adaptive: Able to quickly respond to changing requirements and deliver efficient results.
- Strong communication and interpersonal abilities, promoting effective collaboration within a team environment.
- Problem-solving prowess and analytical skills to address intricate software development challenges.
- Collaborative team player: Capable of working harmoniously with cross-functional teams to accomplish project objectives.
- Engage in all stages of the development lifecycle.
- Develop well-structured, testable, and optimized code.
- Ensure designs align with specifications.

TO WHOM IT MAY CONCERN,

I hereby state that the information provided in this resume is true, accurate, and complete to the best of my knowledge. I confirm that all the academic qualifications, work experience, and skills mentioned herein are authentic and represent my capabilities. I understand that any misrepresentation or omission may result in disqualification from the recruitment process or termination of employment if hired.

I confirm that I possess the necessary skills, knowledge, and experience required for the Software Engineer role as a fresher in your company. I am a fast and autonomous learner with a strong technical background and a history of creative problem-solving and software development. I am eager to take on new challenges and responsibilities to contribute to the growth of the organization. I am dedicated to maintaining the highest standards of professionalism, integrity, and quality in my work.

Thank you for considering my application. I look forward to the opportunity to discuss my qualifications further and demonstrate how my skills can benefit the organization.

SINCERELY,
